Dear Theresa:

PBS has been airing Michigan Magazine on all public television stations in the state including the Fennville area since 1991 to an established audience of 11 million annually. We are also available to over 30 million viewers in the US and Canada via RFD TV.

The program has a very loyal fan base that traditionally follows Barry Stutesman and

myself to those places we feature on the weekly show.

The average age range of our viewers is 45 to 60 years old. Our focus on Michigan Magazine has always been to have a whole family-friendly show, intended for dads, moms, grandparents, aunts, uncles, brothers, sisters, pets, kids, and anybody else considered family.

We are airing a show on Fennville in the Spring of 2008. We also have a printed magazine that is published to coincide with the airing of the show. If you are interested in participating in our printed magazine during this period give me a call at 810-239-8840 or email me at bpineo@gmail.com

I am looking forward to talking with you soon. I will send you the Rate card in the next email. (Also with a half page ad or more we will put a link to your website on our website).
